

AndroFeme® 1 Testosterone Cream for Women

Tested - Affordable - Proven - Effective - Quality

Our clinical trials^{1,2} have demonstrated AndroFeme® 1 testosterone cream increases serum testosterone levels and is clinically effective in addressing low libido in women.

AndroFeme® 1 is the only pharmaceutical grade testosterone cream for women available in the world.

1. A double-blind, randomized, placebo-controlled trial of the effect of testosterone cream on the sexual motivation of menopausal hysterectomized women with HSDD. El-Hage et al. Climacteric 2007; 10: 335–343.

2. Transdermal testosterone therapy improves well-being, mood, and sexual function in premenopausal women. Goldstat et al. Menopause 2003; 10: 390-398.

6 Steps to Accessing AndroFeme® 1 Testosterone for Women

**Lawley Pharmaceuticals
Prescriber Monitored Supply System**

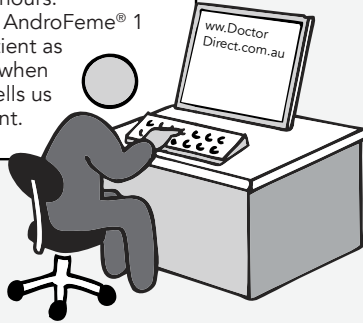

AndroFeme® 1

Prescriber Monitored Supply System

6 Steps to Hormone Deficiency Replacement at a Sustainable Price

1. Physician Registration

- Doctors go to www.doctordirect.com.au
- Register and receive your personal Doctor Code within 48 hours.
- Give this code and an AndroFeme® 1 prescription to your patient as they will need both for when they order. The code tells us that they are your patient.

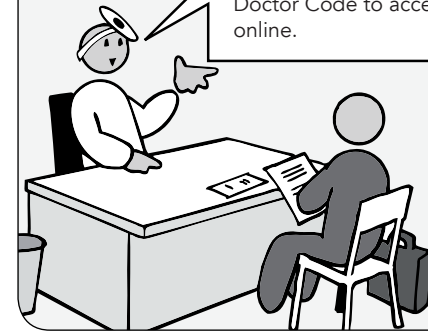

2. Physician Diagnosis and Prescription Completion

AndroFeme® 1 cream is a testosterone cream for women. It is available online with my Doctor Code and this prescription.

3. Physician to Patient Explanation

- Go to www.androfeme.com
- Register your details and enter the Doctor Code to access AndroFeme® 1 online.

4. Patient Completes Online Order

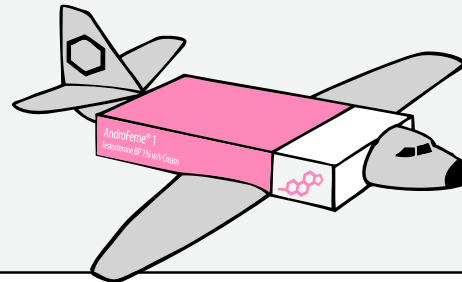

- Register/login on www.androfeme.com
- Enter the Doctor Code.
- Select required quantity.
- Upload a copy of your prescription.
- Complete secure payment online.

That's it! Both Patient and Doctor will receive a confirmation email.

* Quantity is limited to 1 tube for first time patients.

5. Order is Dispatched

Orders will arrive in 10 to 14 days. Each 50gm tube provides up to 100 days of treatment.

6. Patient Receives Order

Apply AndroFeme® 1 as directed by your doctor. A follow-up blood test is required within a month of starting.
